Bar Coding
Guidelines for
Consumer and Inner
Level
Cannabis
Products

With Health Canada's stringent requirement for bar coding and labeling cannabis in Canada, having a trusted print solution partner can be the difference between customer and retailer confidence, and recalled products. With International Bar Coding you get nearly 30 years of expertise in helping bringing consumer packaged goods to retail markets across all industries. As one of the first label and print companies to work with cannabis producers since legalization in Canada and having worked with 4 of the 10 largest cannabis companies in Canada, in addition to dozens of LP and Micro Producers, IBC is the industries trusted one-vendor solution for bar coding, printing, labeling and traceability solutions. With graphic design, programming, and consulting available in-house, IBC can scale your own print solution from a stand-alone print system to an integrated traceability system with bar code verification, up to integration with the industry's largest ERP and seed to sale software systems. Whether your labeling pre-rolls, containers, pouches, or boxes, IBC has a label solution for every Cannabis company.
