

# Inkjet Systems

Lot / Grade Coding and Marking Solutions for Every Industry

IBC's inkjet systems are provided in partnership with the industry's most trusted inkjet manufacturers. Used in nearly every industry for marking raw materials, work in progress, or finished products, IBC's inkjet systems are used where logos, human readable text, and in some cases bar codes are required to mark porous and non-porous substrates. Scalable from Semi-Automated to Fully Automated systems and with TIJ & CIJ systems available, IBC's Inkjet Systems are the easiest way to mark your product for inventory, track and trace, and retail marking.

## Designed to Inkjet:

Corrugated, Pulp and Paper, Logs, Lumber, Plywood, OSB, Brick and Block, Concrete, Steel, Aluminum Cans, Glass and Plastic Bottles, Clamshells, Pouches and Bags, Eggs, Cheese, Consumer Packaged Goods
